502-389-7866

Front-End Developer with a passion for building exceptional user experiences. Expertise in React, Redux, TypeScript, and cutting-edge JavaScript frameworks, including experience with CMS development on platforms like Shopify. Dedicated to writing clean, efficient, and accessible code that adheres to best practices.

Work Experience

Front-End Developer

Feb 2022 - Oct 2024

CQL

Built high-performance e-commerce solutions with HTML, CSS, JavaScript, and popular frameworks

- Developed, maintained, and optimized front-end components and user interfaces utilizing React, Redux, Next.js, and TypeScript
- Led accessibility initiatives for WCAG compliance, ensuring inclusivity for all users
- Collaborated with back-end developers to integrate APIs, improving data interaction between server and clients
- Worked to create unique and engaging online store experiences for both Shopify and SFCC by developing custom themes, discount apps, and SFRA storefronts

UI Developer

Jun 2016 - Feb 2022

Radancy

Leveraged HTML, SCSS, JavaScript, Razor, and custom CMS to create responsive, accessible branded career sites

- Collaborated with cross-functional teams, including creative, UX, and project management, to develop innovative career websites for Radancy's global clients
- Implemented website layouts from mockups utilizing responsive design principles and a focus on cross-browser compatibility and a high attention to detail

Technical Consultant

Jul 2015 - Jun 2016

Perficient

Created interactive digital prototypes to inform user experience research and testing

- Developed interactive website prototypes using HTML, CSS, JavaScript, and Angular frameworks for consumer testing
- Implemented and customized WordPress themes and analytics
- Set up and maintained a departmental relational database for streamlined project tracking

Web Developer | Tech Support

Feb 2015 - Jul 2015

IgLou

Delivered internet and digital solutions, including website development and technical support

- Implemented custom WordPress websites tailored to specific client needs and industry standards
- Provided technical and customer service support for web hosting, CPanel, DSL, and basic networking

Technical Support Representative

Jul 2013 - Jan 2014

Charter Communications

Resolved complex internet and telephony issues through effective problem-solving and communication
